

OHS Occupational Rehabilitation Policy

Section 1 - Summary

(1) Victoria University (VU) is committed to providing a safe and healthy workplace for all staff. It is the policy of Victoria University that every effort will be made to prevent work-related injuries through an appropriate risk management system. However, should one of our staff members sustain a work related injury that means they are unable to continue their normal work, we will provide the necessary assistance for them to remain at work, or return to work as soon as it is safe to do so. Victoria University will also take all reasonable steps to ensure the injury (or a similar injury) does not happen again. We will do this through risk management, in line with the policy outlined below and in accordance with legislative requirements.

(2) Occupational rehabilitation is about returning staff to productive employment as quickly and as safely as possible following a workplace injury. The underlying principle is that rehabilitation in the workplace, rather than at home or in a medical institution, is both more effective and more productive for the injured staff member and the employer.

Section 2 - Accountability

Section 5 - Policy Statement

(15) VU will assist staff who sustain a physical or psychological injury to remain at or return to their pre-injury duties in accordance with the Act.

(16) Victoria University's Return to Work Obligations under the Act are as follows:

- a. For the duration of the employment obligation period, (to the extent it is reasonable to do so), VU will provide injured staff members with suitable employment if the staff member has a current work capacity or pre- injury employment, if the worker no longer has an incapacity.

- b. From the time that VU know of a staff member's incapacity for work, VU will plan for a staff member's return to work. This includes:
 - i. obtaining relevant information about the staff member's capacity for work;
 - ii. considering reasonable workplace support, aids or modifications to assist in the staff member's return to work;
 - iii. assessing and proposing options for suitable employment or pre-injury employment;
 - iv. engaging in consultation;
 - v. providing the worker with clear accurate and current details of the staff member's return to work arrangements;
 - vi. monitoring the staff member's return to work.
- c. VU will consult with the injured staff member, the staff member's doctor or healthcare provider (where the worker has given their consent) and occupational rehabilitation provider (where one has been engaged) about their return to work.
- d. VU will nominate and have appointed a Return to Work Coordinator who has an appropriate level of seniority and is competent to assist in meeting VU's obligations under the return to work part of the Act.
- e. VU will, at all times, make specific return to work information available to staff members. Return to work information will also be made available to staff members following an injury. This information will include the display of the 'if you are injured poster' required under the Act. VU will consult with staff members about how specific return to work information is made available to workers.
- f. If VU hires an on hire worker and that worker is injured while working at VU, VU will, (to the extent it is reasonable to do so), cooperate with the labour hire employer to facilitate the worker's return to work.

(17) As an injured worker, VU staff members have the right (under the Act) to:

- a. choose their doctor or healthcare provider;
- b. choose an occupational rehabilitation provider from a list of a minimum of three providers (when this service is required);
