

Scholarships - Undergraduate and Vocational Education Policy and Procedures

Section 1 - Purpose / Objectives

- (1) To provide a framework for the management and implementation of the Victoria University Access Scholarships Program, and the Commonwealth Scholarships Program at Victoria University as set out in the Commonwealth Scholarships Guidelines (Education) 2010, Higher Education Support Act 2003.
- (2) To ensure that the University meets its obligations for the delivery of Commonwealth Scholarships.
- (3) To ensure that the University provides assistance to students in need and meets its obligations for complementary scholarships in relation to the Commonwealth Scholarships.
- (4) To detail the eligibility, selection criteria and procedures for the Victoria University Access Scholarships and Commonwealth Scholarships.

BACKGROUND

- (5) The Higher Education Support Act 2003 introduced Commonwealth Scholarships, along with a requirement for the University to administer the program. - (6) Significant changes were made to the Commonwealth Scholarships program in March 2010. Payment of new Commonwealth Scholarships is now administered via Centrelink. Universities are no longer permitted to award new Commonwealth Scholarships to non-Indigenous students. Universities are still required to continue to administer continuing Commonwealth Scholarships until the entitlement is consumed. It is expected that this requirement will continue until the end of 2014.
