(12) The cardholder is responsible for the monthly coding and submission of the credit card expenses.

(13) The University is liable for any legitimate/approved/permitted charges on the credit card and not the cardholder.

(14) The University can track, account for and manage its expenditure systematically and robustly. The terms and conditions of this Policy must be strictly adhered to.

### Part A - Who is issued with a Credit Card?

(15) Provision of a University credit card is a privilege, not a right. The Responsible Officer on behalf of the Accountable Officer has the discretion to determine if the University will issue a credit card to an employee.

(16) An employee will not be issued with more than one credit card.

(17) A credit card will only be provided where;

- a. The employee has a financial delegation of authority equal to or greater than the proposed credit card transaction limit. If the employee does not have sufficient financial delegation of authority they must apply for and be approved with one first; and,
- b. It is demonstrated the employee, from time to time, has a legitimate requirement to purchase minor items or incur minor expenditure on behalf of the University, and provision of a University credit card will facilitate greater efficiency for the performance of their duties.

### Part B - Credit Card Conditions of Use

(18) A University credit card must only be used for legitimate University Business, and where the University does not have a contract with a preferred service provider, as listed on the [Procurement intranet site](#), for the provision of the goods or services being purchased.

(19) If in doubt about whether the expense can be incurred on a University credit card, the cardholder should seek advice from the Approving Officer or the Procurement Department before they incur a University credit card expense.

(20) These conditions apply regardless of:

- a. the amount of the transaction involved, or
- b. the transaction method, e.g. purchases by mail, telephone order, internet, etc.

(21) The cardholder will be held personally liable for any unauthorised use of the credit card unless the unauthorised

use is the result of a lost or stolen the credit card (provided the cardholder took adequate measures to prevent the credit card from being lost or stolen) or is otherwise the result of fraud on the part of some third party.

(24) If a cardholder inadvertently charges a personal expense to a University credit card, the cardholder must immediately reimburse such credit card charge to the University together with any fringe benefits tax (FBT) liability which may have been incurred by the University as a result of the personal expense.

(25) Where coincidental University business and personal expenditure are recorded on a single credit card account, cardholders must settle all such personal expenses before charging the balance on the University credit card. For example, when a cardholder makes private telephone calls or purchases goods for private consumption subsequently charged to the hotel's account.

## Part E - Approvals and Acquittals

(26) Cardholders must retain evidence of an expense incurred on the University credit card. Cardholders must acquit and submit for approval of their expenses every month.
