Timeframe for Making Decisions

(20) The CSF must consider the student's application as soon as practicable, but no later than 14 days after receipt.

(21) In the case of a student with a Low Completion Rate requesting a review of Special Circumstances, the application will, where possible, be considered prior to the student's next enrolled census date. If the outcome to the

Notification of Decision

(22) The CSF must notify the student of the decision. The notification must include:

- a. The basis for the decision; and,
- b. The right to a review of the decision if the student is unsatisfied with the outcome.

(24) Any refund will be made from the ledger account(s) originally credited with the funds.

- a. Advise the relevant government department(s) of the remission.

Review of Decisions

(26) Students have a right to a review of the decision not to remit, re-credit or refund fees.

(27) The Review Officer must occupy a different and more senior position to the officer who made the original decision, and must not have been part of the original decision. The Review Officer is the Director, Student Administration, or delegate.

(28) The review application must be made within 28 days from the decision notification. The student must state why they are seeking a review.
