Part B - Attendance Requirements

(11) International Students enrolled in Foundations Courses at VU must maintain a minimum attendance rate of 80% for each Study Period in which they are enrolled.

(12) Subject to clause (13), where an International Student does not meet the 80% attendance threshold for a Study Period, VU will notify the student in writing of its intention to report the student to the relevant Australian Government Department. The written notice will inform the student of:

- a. Their right to appeal and provide details of how to activate the appeals process under VU's [Student Appeals Regulations 2019](#). Decisions to report students for non-attendance are considered to be statutory decisions for the purposes of the [Student Appeals Regulations 2019](#); and
- b. That the student has 20 working days from the date of notification in which to register an appeal.
- c. That their enrolment will be maintained, and no action taken to report the student, until after the appeals process (if invoked) has been completed.

(13) VU may decide not to report an International Student for breaching the 80% attendance rate if:

- a. There is documentary evidence demonstrating that Compassionate or Compelling Circumstances apply, and such documentary evidence is maintained in that student's file; and
- b. The student is attending at least 70% of the Foundations Course contact hours for which they are enrolled; and
- c. The student's performance remains satisfactory and the student remains on track to complete within the expected course duration.

(14) If an International Student undertakes further study after completing the Foundations course designated in their offer of admission, the calculation of attendance will recommence if the subsequent course has attendance requirements.

(15) VU will inform International Students undertaking Foundations Courses of the importance of meeting the minimum attendance requirements contained in clause (11) and outline the consequences of failing to meet these attendance requirements.

Part C - Attendance Monitoring

(16) An attendance roll must be maintained for each class within Foundations Courses. The roll must indicate the:

- a. Date;
- b. Time of the class;
- c. Name of the class;
- d. Name of the teacher; and
- e. Names of International Students required to attend.

(17) At each and every Foundations Course class, each teacher must mark the attendance roll according to clause (16), and pass this information to the Associate Director, International Foundations.

(18) The notations to be used in the attendance roll to record attendance are:

- a. P- Present;
- b. S - Sick (medical certificate provided);
- c. B - Bereavement or other compassionate (evidence provided);
- d. C - Counselling session (pre-approved); or
- e. A - Absent (all other absences).

(19) International Students will be deemed absent if they are not in class and/or not attending another VU activity that has been approved in writing.

(20) At the end of each week, an attendance percentage will be auto-calculated by the attendance monitoring system for each International Student undertaking Foundations Courses. This percentage is cumulative for the students' total Study Period.

(21) Attendance data must be stored securely and may be stored electronically, according to VU's Records [policies and procedures](#).

Part D - Attendance Reporting

(22) If attendance falls below a 90% threshold for a unit, VU will send the student an email of warning through their official VU email address, informing the student that they are at risk of not meeting their attendance requirements and

the potential consequences. This email will outline options for counselling and support at VU.

(23) If attendance falls below 85% for a unit, a second email of warning will be issued through the student's official VU email address. An appointment will be made for the student for counselling and support at Student Services. A translator will be supplied, if requested, so the student clearly understands their obligations, and notes of the interview will be kept on the student's file.

(24) If attendance falls below 80% for a unit, a third and final email will be sent through the student's official VU email address informing the student of VU's intention to report their non-attendance.

(25) The third and final email must refer to the student by name, and inform them:

- a. They have failed to meet the minimum attendance requirements established under this Procedure;
- b. This is a breach of their visa condition in relation to attendance requirements under Standard 11 of the [National Code of Practice for Providers of Education and Training to Overseas Students 2018](#);
- c. That it is VU's intention to report their non-attendance to the relevant Australian Government Department;
- d. That the student has a right to appeal VU's decision to report their non-attendance, and they have 20 working days from the date of notification (which should be stated) in which to lodge any appeal;
- e. That if an appeal is lodged, it is the student's responsibility to provide all information relevant to the appeal at the time of the appeal;
- f. Who they may contact if they wish to discuss the implications of the letter; and
- g. That they may also appeal to the Victorian Ombudsman if they feel there has been a breach of process by VU.

(26) Documentation of all warnings (first, second and third) must be kept on the student's file.

(27) If a student appeals VU's decision to report them to the relevant Australian Government department, there will be a review of the matter in the first instance by the Associate Director, International Foundations.

(28) The matter will then proceed according to VU's appeals process outlined in the [Student Appeals Regulations 2019](#) and [Student Appeals Procedure](#). Decisions to report students for non-attendance are considered to be statutory decisions for the purposes of the [Student Appeals Regulations 2019](#).

(29) The student's enrolment must be maintained for the duration of the appeal.

Part E - Support for Students

(30) In the warning emails, students are to be advised of the VU support services available to them, such as access to VU's Student Services who are available to provide academic support, information, counselling, referral to health services and explanation of International Student obligations as visa holders.

Part F - Government Reporting

(31) If the student's appeal of VU's decision to report them to the relevant Australian Government Department is dismissed by VU, on the basis that the student has not met the attendance requirements established in this Procedure and no , VU will report the matter to the relevant Australian Government Department through the Provider Registration and International Student Management System (PRISMS).

(32) Where a student is reported, VU will advise the student of the notification and keep a record of this notification on the student's file.
