

Student Clinics Procedure

Section 1 - Summary

(1) This Procedure outlines the clinical governance around systems and processes in Victoria University's (VU) Student Clinics and supports the [Student Clinics Policy](#). It provides information and associated documentation to guide specific situations, including the safety of students, staff and client-care in VU Clinics.

Section 2 - Accountability

Accountable/Responsible Officer	Role
Accountable Officer	Assistant Provost and Dean, College of Health and Biomedicine
Responsible Officer	Head of Program Clinical Services (HE) and Dean, College of Health, Community & Business (VU Polytechnic)

Section 3 - HESF/ASQA/ESOS Alignment

(2) HESF Standards: 1.3 Orientation and Progression; 1.4 Learning Outcomes and Assessment; 2.1 Facilities and Infrastructure; 2.3 Wellbeing and Safety; 2.4 Student Grievance and Complaints; 3.1 Course Design, 5.3 Monitoring, Review and Improvement, 5.4 Delivery with other parties.

(3) [Standards for Registered Training Organisations \(RTOs\) 2015](#): Clauses 1.7, 5.4 and 6.1 to 6.6 — Supporting and informing learners; managing complaints and appeals; Clauses 1.1 to 1.4 and 2.2 — Implementing, monitoring and evaluating training and assessment strategies and practices; Clauses 1.13 to 1.16 — Employ skilled trainers and assessors; Clauses 1.17 to 1.20 — Provide supervision of trainers where needed.

(4) National Code of Practice for Providers of Education and Training to Overseas Students 2018 (National Code): Standards 6 Overseas Student Support Services and 10 Complaints and Appeals.

Section 4 - Scope

(5) This Procedure outlines the steps including in preparing, maintaining and approving standard operating procedures to provide consistent information and adequate procedures to the staff of the VU Clinics.

(6) This Procedure applies to:

(7) All VU Clinics;

(8) All healthcare staff, professional staff, students, supervisors, academic staff and volunteers in their activities at, with or on behalf of the Clinics; and

(9) All client-care, educational, and management activities performed at, with or on behalf of the Clinics.

Section 5 - Definitions

(10) Clinics

(11) Adequate Guidance: Refers to guiding staff and student expectations that will assist in achieving integrated student-led health services to provide students with support on operating premises out of Victoria University.

(12) Quality of Service: Refers to 'providing efficacious, effective and efficient healthcare services' according to the clinical guidelines and standards, which meet the client's needs and requirements of providers and accrediting bodies.

(13) Clinic Client: Refers to a person who attends VU Clinics for the purpose of client consultation.

(14) Risk Management: Refers to the development of good practice to remove or reduce the occurrence of serious or adverse incidents, management of "risk" to reduce the clinical and non-clinical risks linked to the services provided.

(15) Clinical Accountability: Refers to accountability or responsibility of healthcare staff at different levels within the VU Clinic.

Section 6 - Policy/Regulation

(16) See [Student Clinics Policy](#).

Section 7 - Procedures

Part A - Summary of Roles and Responsibilities

Roles	Responsibilities
University	<ul style="list-style-type: none"><input type="checkbox"/> Providing a safe and healthy environment for all students, staff and others during their participation in activities with VU;<input type="checkbox"/> Implementing effective risk management systems that are relevant and suitable for VU's scope of business;<input type="checkbox"/> Promoting workplace health and safety at all times and continuously improving the performance of health and safety;<input type="checkbox"/> Encouraging active participation, cooperation and consultation with all students, staff and others in the promotion and development of measures to improve health and safety;<input type="checkbox"/> Actively responding to and recording, investigating all incidents in relation to VU Clinics;<input type="checkbox"/> Maintaining relevant policies, procedures, training, codes of conduct and systems to support and communicate effective health and safety practices with VU Clinics;<input type="checkbox"/> Routinely conducting checks of the work environment to assess risks, identify hazards and identify areas for improvement;<input type="checkbox"/> Taking the immediate response to reduce the risk of workplace hazards; and<input type="checkbox"/> Providing appropriate induction, training, information and updates to staff regularly about workplace health and safety.

Roles	Responsibilities
Clinic Staff	<ul style="list-style-type: none"> <input type="checkbox"/> All staff including Managers have a responsibility to work safely; <input type="checkbox"/> Staff are required to take all reasonable care for their health and safety and consider the health and safety of others who may be affected by their actions; and <input type="checkbox"/> All staff are responsible for ensuring the environment they enter into is free from risk and potential occupational health and safety hazards supported by the Health and Safety Policy.
Student	<p>Throughout the Placement student will be required to:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Ensure they work safely in line with VU's policies and procedures; <input type="checkbox"/> Undertake tasks under supervision at all times ensuring these are within their abilities and training; <input type="checkbox"/> Notify a Clinic Supervisor if functions are outside their skill/knowledge level or if they are having any issues; <input type="checkbox"/> Record hours worked in their logbook and had them verified by their Clinic Supervisor; and <input type="checkbox"/> Inform the Clinic Supervisor if they will be absent from work, a minimum one day before business day commences; and if there are any changes to their details or clinics.
Clinic Supervisors	<p>Clinical Supervisors ensure that:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Students clinical practice remains within their level of competence and capabilities; <input type="checkbox"/> Students have an understanding of role and responsibilities within the organisation; <input type="checkbox"/> Students operate within the agreed parameters of confidentiality; <input type="checkbox"/> Students operate within the parameters of the course scope and philosophy, use treatment and techniques that are in line with the course curriculum; and <input type="checkbox"/> Students develop appropriate working relationships with their supervisors.

Part B - Clinics and Placements

VU Clinics

(17) VU Clinics are internal University (Clinical Exercise and Rehabilitation, Dermal Therapies, Osteopathy, Psychology, and Remedial Massage)clinics, with supervised interface with the public included in the course. There are two broad types:

(18) Accredited course-led framework: Students are required to complete part of their course in such clinics to meet the requirements of their coursework program.

(19) Non-accredited course-led framework: Clinic hours are not an external mandated requirement for course completion. They represent clinical training required to meet self-accreditation requirements and cognisant of [Australian Qualifications Framework](#) requirements.

Eligibility of students to complete placements

(20) Placement is a compulsory requirement of a student's course for student clinic for Higher Education. All students are required to complete tasks in a practical work environment to achieve the qualification.

(21) Students are required to complete 200 hours of work (real or simulated) within their curriculum for placement in Vocational Education. Practical placement (outside the scope of this document) is external/independent hours, factored into the required 200 hours of work.

(22) While undertaking a placement, students are required to complete the relevant units of coursework that are compulsory before commencing in the clinic and have an opportunity to:

(23) Gain experience in a real work environment;

(24) Complete practical tasks pertinent to their future workplace role;

(25) Understand workplace expectations and practices;

(26) Observe experienced staff completing tasks;

(27) Develop an understanding of workplace policies and procedures; and

(28) With external placements, build networks that may assist with future job opportunities.

Part C - Managing Risk and Incidents at VU Clinics

Risk Management

(29) The key activities and strategies for risk management in client and community participation include:

Elements	How the elements will meet the criteria
a. Clinic's risk management system	<ul style="list-style-type: none"> <input type="checkbox"/> The clinical Strategic risk register developed in consultation with the Clinical Governance Committee. <input type="checkbox"/> Clinical supervision. <input type="checkbox"/> Quality and safety of clinical services for client-care set out in the National Safety and Quality Health Service Standards. <input type="checkbox"/> Feedback, on VU incident reporting for risk and near-misses. <input type="checkbox"/> VU Clinics Infection Control Manual. <input type="checkbox"/> VU (individual) Clinics policies, and procedures. <input type="checkbox"/> Risk management and improvement strategies integrated within improvement and performance monitoring functions.
b. Clinical Governance Committee's purpose	<ul style="list-style-type: none"> <input type="checkbox"/> To oversee and govern the delivery of safe, effective and efficient Clinics run by VU. <input type="checkbox"/> The Student Clinics Policy is monitored and regularly reviewed to ensure that it is useful and continues to support organisational performance.
c. Clinical Governance Committee's role and operation	<p>The Clinical Governance Committee's operation includes:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Review and monitor the activity of the clinics to ensure that the services of each clinic are compliant with - <ul style="list-style-type: none"> - all applicable legislation; - the professional standards established by the relevant professional body, including registration standards, guidelines and codes of ethics; and - the VU Student Clinics Policy and Procedure. <input type="checkbox"/> Encourage continuous improvement of clinic operations and obtain assurance that systems are in place to deliver improvements. <input type="checkbox"/> Quarterly reports on the operations of all clinics from the internal student health clinics committee to the Clinical Governance Committee. <input type="checkbox"/> The Clinical Governance Committee will report to the Learning and Teaching Quality Committee on governance-related matters and will meet quarterly per the calendar year.
d. Processes and systems	<ul style="list-style-type: none"> <input type="checkbox"/> Selection, recruitment and employment processes. <input type="checkbox"/> Clinical placement orientation and induction. <input type="checkbox"/> Working with Children's Check (staff/students) refer to the department of justice site and individual clinics procedure. <input type="checkbox"/> Police check (annual) refer to individual clinics and training and delivery requirements. <input type="checkbox"/> Staff orientation and induction. <input type="checkbox"/> The scope of clinical practice referred to by a regulatory body. <input type="checkbox"/> Professional development and standards. <input type="checkbox"/> Yearly performance review for all clinic supervisors (including sessional staff). <input type="checkbox"/> Mandatory training for clinical & non-clinical staff (emergency training, OHS awareness, bullying prevention). <input type="checkbox"/> Risk-based skills development and capabilities. <p>In accordance with the University's Police Checks and Working with Children Checks for Students Policy and Procedures.</p>
e. Critical incident process	<ul style="list-style-type: none"> <input type="checkbox"/> Client assessment processes and procedures. <input type="checkbox"/> A clinical risk register for record-keeping and logs. <input type="checkbox"/> Staff training to respond to critical incidents. <input type="checkbox"/> Emergency procedures and processes. <input type="checkbox"/> Evacuation procedures. <p>In accordance with the University's Critical Incident, Emergency Planning and Business Continuity Policy and Procedure.</p>

Part D - Governance and Accountability at VU Clinics

Clinical Accountability

(30) The key activities and strategies for clinical accountability including monitoring and supervision of students, monitoring of clinic and staff performance and recruitment) in client participation include:

Elements	How the elements will meet the criteria
a. Relevant legislation, framework, and standards, internal documents	<ul style="list-style-type: none"> <input type="checkbox"/> Position descriptions for staff (clinic supervisor). <input type="checkbox"/> Code of Conduct and Code of Practice documents. <input type="checkbox"/> Terms of Reference for Clinical Governance Committee. <input type="checkbox"/> Process for the supervision of students in VU Clinics. <input type="checkbox"/> Process for performance management of staff and students. <input type="checkbox"/> Referral & assessment processes. <input type="checkbox"/> Framework and Standards including: <ul style="list-style-type: none"> - Clinical Governance Standard - National Model Clinical Governance Framework - Australian Safety and Quality Framework for Health Care <input type="checkbox"/> Legislation including: <ul style="list-style-type: none"> - Privacy & Data Protection Act 2014 - Health Records Act (Vic) 2001
b. Clinical accountabilities	<ul style="list-style-type: none"> <input type="checkbox"/> Maintain risk register as per program specifications. <input type="checkbox"/> Incident management system. <input type="checkbox"/> Review, monitor incidents & near-misses. <input type="checkbox"/> Internal reporting processes and procedures. <input type="checkbox"/> Auditing processes implemented and documented. <p>In accordance with the University's Critical Incident, Emergency Planning and Business Continuity Policy and Procedure.</p>
c. Clinical Supervisors Qualifications	<ul style="list-style-type: none"> <input type="checkbox"/> Individual clinics will have a checklist and develop qualifications criteria under this Procedure relevant to their particular clinic and discipline for Clinical Supervisors, qualified and hold, but not limited to: <ul style="list-style-type: none"> - Undergraduate and/or Master's degree in Clinical Exercise and Rehabilitation/Dermal Therapies/Osteopathy/Psychology/Remedial Massage. - Formal qualifications in Supervision - Australian Psychology Board qualifications or other supervision training program - Certificate IV in Training and Assessment (TAE40116) - Level 3 experience, qualifications, and skills in training and delivery of the (Clinical Exercise and Rehabilitation/Dermal Therapies/Osteopathy/Psychology/Remedial Massage) courses.
d. Pre-Employment checks and accreditation with industry associations	<ul style="list-style-type: none"> <input type="checkbox"/> Conduct recruitment and employment checks. <input type="checkbox"/> Guidance document for employment screening. <input type="checkbox"/> Individual clinics have processes for each discipline. <input type="checkbox"/> Annual registration check processes and procedures. <p>In accordance with the University's Recruitment and Selection Policy and Police Checks and Working with Children Checks for Students Policy and Procedures.</p>
e. Implementation and ongoing monitoring of policies, procedures, processes	<ul style="list-style-type: none"> <input type="checkbox"/> Quarterly meetings of the Clinical Governance Committee. <input type="checkbox"/> Meeting schedule on review processes. <input type="checkbox"/> Action plan for rectification post-audit. <input type="checkbox"/> Implementation Plan for the continuous improvement of policies, procedures and processes.

Part E - Workforce Planning and Development at VU Clinics

(31) The key activities and strategies for workforce development(including qualifications, professional development and accreditation for a clinical supervisor with professional associations) include:

Elements	How the elements will meet the criteria
a. Accreditation requirements for Clinic Supervisors	<ul style="list-style-type: none"> <input type="checkbox"/> Register for qualifications (sighted and recorded). <input type="checkbox"/> Evidence requirements for required skills and experience to deliver services. <input type="checkbox"/> Position Descriptions/Job Descriptions for Clinic Supervisor. <input type="checkbox"/> Register for training logs and records. <input type="checkbox"/> Current industry-experience in clinical supervision.
b. Staff induction	<ul style="list-style-type: none"> <input type="checkbox"/> Orientation guideline. <input type="checkbox"/> Student Clinics Policy and Procedure. <input type="checkbox"/> Position Descriptions. <input type="checkbox"/> Supervision arrangements. <input type="checkbox"/> Participation in mandatory training. <p>In accordance with the University's Staff Induction Policy.</p>
c. Professional development process	<ul style="list-style-type: none"> <input type="checkbox"/> VU policy and procedures for professional development. <input type="checkbox"/> Line management structure. <input type="checkbox"/> Staff performance and development.
d. Safety, quality and risk guidelines and policies	<ul style="list-style-type: none"> <input type="checkbox"/> Audit, review of policies, procedures, processes. <input type="checkbox"/> Orientation for staff and students <input type="checkbox"/> Feedback to improve policies, processes, procedures. <input type="checkbox"/> Access to policies, guidelines for staff and students. <p>In accordance with the University's Risk Management Policy.</p>

Part F - Performance Standards at VU Clinics

Clinic Performance Standards

(32) The key activities and strategies for clinical performance standards in client participation include:

Elements	How the elements will meet the criteria
a. Information is available about the clinical performance standards	<ul style="list-style-type: none"> <input type="checkbox"/> Client information brochure includes information on services, a draft exists and needs a final review. <input type="checkbox"/> Clinics have been consulted with and will provide the updated information for each discipline.
b. Clinical performance standards environment	<ul style="list-style-type: none"> <input type="checkbox"/> Staff and client-focused student education.

Part G - Client Satisfaction, Complaints and Care at VU Clinics

Client Satisfaction Standards

(33) The key activities and strategies for capturing client satisfaction standards and community participation include:

Elements	How the elements will meet the criteria
a. Client Satisfaction surveys: Systems and processes are in place to ensure clients, carers and other agencies are involved, consulted and able to provide feedback in planning and improving service delivery	<ul style="list-style-type: none"> <input type="checkbox"/> Implementation of client satisfaction feedback processes through consultation including the VU survey. <input type="checkbox"/> Complaints and feedback guideline. <input type="checkbox"/> Communication conveyed in a client-friendly way. <input type="checkbox"/> Client feedback data is collected from the clinics to improve service delivery via satisfaction feedback, "client survey".

Elements	How the elements will meet the criteria
b. Complaints management process: Clients are informed about consent, confidentiality, potential risks, and how VU uses information; collects, and processes information relating to professional staff, healthcare staff, students, supervisors, academic staff and volunteers.	<input type="checkbox"/> Privacy and confidentiality policy <input type="checkbox"/> Consent guidelines. <input type="checkbox"/> Australian Charter of Health Care Rights. <input type="checkbox"/> Clinic information & expectations. provided to clients at initial contact with clinic client information booklet. In accordance with the University's Privacy Policy Public Complaints Policy moreover, Health Complaints Act 2016 .
c. Client-centred Care: A collaborative approach to service delivery that actively involves clients, their family/carers/support people and service providers	<input type="checkbox"/> Care and treatment options based on the client's values and cultural context.

Part H - Student Learning and Practical Placement at VU Clinics

Student Learning, Development and Support

(34) The key activities and strategies for student learning, development and support include:

Elements	How the elements will meet the criteria
a. Assessment planning and placement	<input type="checkbox"/> All students will rotate through the assessment, planning and treatment environments, program schedule in the timetable during their placements.
b. Experiential Learning and Reflective Practice	<input type="checkbox"/> Students follow existing VU policy and procedures of their discipline for all academic matters. <input type="checkbox"/> Students follow Students Clinics Policy and Procedure for issues related to their work experience within the clinic.

Section 8 - Supporting Documents and Information

(35) Individual clinics must have guidelines, procedures under this Procedure, which are relevant to their particular clinic and discipline.

(36) The following documents support this Procedure and comply with applicable federal, state and University regulations, legislation, rules and policies, code of conduct and standards by the related discipline's professional bodies:

(37) [Privacy and Data Protection Act 2014](#) ;

(38) [Health Records Act 2001](#);

(39) [Health Complaints Act 2016](#);

(40) [Education and Training Reform Act 2006](#);

(41) [Privacy Policy](#) and [Procedure](#);

(42) [The Professional Development Policy](#);

(43) [Records Management Policy](#) and [Procedures](#);

(44) [The Risk Management Policy](#);

(45) [Critical Incident, Emergency Planning and Business Continuity Policy](#) and [Procedure](#);

- (46) [Recruitment and Selection Policy](#);
- (47) [Police Checks and Working with Children Checks for Students Policy and Procedures](#);
- (48) [Staff Induction Policy](#);
- (49) [Student Misconduct Regulations 2019](#);
- (50) [Student Misconduct Procedure](#);
- (51) [Health and Safety Policy](#);
- (52) [Information Security Policy](#); and
- (53) [Clinical Governance Standard](#)
- (54) [Clinical Care Standards](#)
- (55) [National Model Clinical Governance Framework](#)
- (56) [National Safety and Quality Framework for Health Care](#)

Glossary Terms and Definitions

"Clinics" - All clinics operated by or on behalf of Victoria University in any health, allied health, or social assistance field or fields, which provide clinical services as an opportunity for students enrolled in clinic-related courses at VU to undertake high-quality clinical experience in-house. Clinics include Clinical Exercise and Rehabilitation (VUCER), Dermal, Massage, Osteopathy, and Psychology, (excluding beauty services).
