

# **Elite Sport and Performer Policy**

## **Section 1 - Summary**

(1) This Policy outlines the support available to students and prospective students classified as Elite Sportspersons and Performers studying at Victoria University (VU). It aligns with the foundational pillars of the <u>Australian Institute of Sport (AIS) Elite Sport Education Network</u>, ensuring sustained assistance for elite athletes, coaches and officials throughout their studies. Elite performers are equally supported, acknowledging the demands of high-level artistic engagement alongside academic commitments.

## **Section 2 - Scope**

(2) This Policy applies to all domestic and international students and prospective students in TAFE and Higher Education awards, classified as elite sportspersons and performers by recognised Australian or international bodies. Individuals not formally classified may be considered for recognition based on supporting documentation received from national or state sport and arts bodies, emerging and development pathway programs, or advice from AIS or Creative Australia (formerly Australia Council for the Arts).

## **Section 3 - Policy Statement**

### **Part A - Principles**

- (3) VU acknowledges the unique challenges faced by elite sportspersons and performers in balancing academic commitments with training, rehearsal, competition, and performance.
- (4) In line with VU's values of equity, inclusion and excellence, the University is committed to supporting these students in achieving both academic and performance goals without disadvantage.
- (5) The ESP Program facilitates academic flexibility, tailored support services and access to specialised benefits. Elite status is verified with Admissions and recorded in VU's student management system.
